

**NDDB Working Capital Finance Scheme**  
**for Dairy Co-operatives.**  
**(Guidelines)**

In order to support the dairy cooperatives to meet their working capital requirement, NDDB has introduced a New Working Capital Scheme i.e. '**NDDB Working Capital Finance Scheme for Dairy Co-operatives**' with effect from 1<sup>st</sup> September 2017. Under this Scheme, NDDB shall provide financial assistance as Working Capital loan to eligible Dairy Co-operatives for the specified purposes as mentioned below.

**I. Purpose of the Scheme:**

To meet the fund requirement for:

- ❖ Purchase of conserved commodities<sup>1</sup> to meet the demand for milk & milk Products
- ❖ Conversion of surplus milk into conserved commodities
- ❖ Maintaining the minimum stock level of conserved commodities for day to day operations throughout the year

**II. Eligibility Criteria:**

- ❖ The Dairy Co-operatives should be registered under a State Co-operative Societies Act with an elected Board or established as a producer company under chapter IX-A of the companies (Amendment) Act 2002 or under relevant chapter of the subsequent Companies Act / its amendment.
- ❖ There should not be any outstanding dues to milk producers/member societies for more than one payment period<sup>2</sup> at the time of application.
- ❖ Past accounts upto the previous financial year must be duly audited.
- ❖ The borrower must not be a defaulter in repayment of loans to NDDB/Bank/any other financial institution during last 3 years.

---

<sup>1</sup> *Conserved commodities mean commodities which are used for reconstitution of milk like Skimmed Milk Powder (SMP), White Butter (WB), and Whole Milk Powder (WMP).*

<sup>2</sup> *Maximum payment cycle should not be more than 15 days.*

- ❖ The Debt Service Coverage Ratio (DSCR) of the operations to cover the total liability including the interest accrued against the proposed working capital loan from NDDB should work out to a minimum of 1.5 times.
- ❖ The borrower should have posted Operating Profit in the last three consecutive financial years. 'Other income<sup>3</sup> & grant' should not be considered for calculation of Operating Profit.
- ❖ Current Ratio should be a minimum of 1.00. Following points to be noted for calculation of Current Ratio:-
  - (i) Exclude Non recoverable debtors<sup>4</sup>/Provision for doubtful debtors' from Current Assets.
  - (ii) Include Short Term loan & Interest payable within one year in the current liabilities.

The eligible borrower has to submit its application in prescribed format to NDDB for availing financial assistance under the said Working Capital Finance Scheme. For renewal of facility, the borrower has to submit its application to NDDB at least one month before the expiry of the approved tenure.

### **III. Assessment of Working Capital:**

NDDB shall sanction a maximum limit of working capital (*called 'sanctioned limit' hereinafter*) to each eligible borrower based on their operations in previous three years and estimates for the following year.

The sanctioned limit will be equivalent to 80% of the ***peak working capital requirement of the borrower***<sup>5</sup>. The sanctioned limit will be valid for a period of maximum of 12 months.

#### ***Drawal limit***

The borrower can withdraw loan to the extent of the '*drawal limit*' as per their fund requirement during the loan tenure. The drawal limit

<sup>3</sup> Other Income includes interest/dividend income on the investments.

<sup>4</sup> Debtors outstanding for more than 180 days

<sup>5</sup> Will be calculated based on the peak stock level (peakest of the the monthly average closing stocks) of conserved commodities to be held by the borrower during the loan tenure.

will be equivalent to 80% of the value of stock of conserved commodities held by the borrower at a given point in time subject to the maximum of the sanctioned limit. To calculate the drawal limit, stock value as on 1<sup>st</sup> and 16<sup>th</sup> of the month will be considered (Explanation: the drawal limit for 1<sup>st</sup> to 15<sup>th</sup> of any month is based on stock value as on 1<sup>st</sup> day of the month; and drawal limit for 16<sup>th</sup> of the month to the end of the month is based on stock value as on 16<sup>th</sup> of the month). Value of conserved commodities for this purpose will be derived considering the NCDFI e-market price at the given point in time.

During the tenure of loan, the borrower will be allowed to withdraw and maintain the outstanding loan to the extent of drawal limit. At any given point in time, the total loan outstanding of the borrower must not exceed the drawal limit. If exceeded, the borrower will be required to immediately repay the excess loan over and above the drawal limit and it would also attract additional interest @3% p.a. for the period in default.

At the end of the tenure of the loan, the entire loan outstanding including interest is to be repaid to NDDDB, if the tenure of 'the sanctioned limit' is not renewed. The application of renewal of the loan tenure has to be received at least one month before the end of the tenure.

#### **IV. Terms & conditions of the Scheme:**

- ❖ **Interest:** Interest will be charged at a floating rate of interest or at such rate as may be decided by NDDDB from time to time on monthly rest basis. The monthly interest shall be payable on or before the last working day of the month, failing which, additional interest @3% p.a. will be charged from the 1<sup>st</sup> day of the subsequent month.
- ❖ **Tenure of the Loan:** Maximum tenure of the loan would be 12 months from the sanctioned date as referred in the Sanction Letter. The same can be renewed at the discretion of NDDDB. If not renewed, the borrower has to remit the outstanding loan along with interest by the end of the tenure of the loan. Non-payment of loan within the

due date shall attract additional interest @3% p.a. over and above the normal rate of interest on the entire outstanding starting from the due date for repayment.

❖ **Security:-**

1. The borrower shall create first charge on entire movable assets including stock and debtors by way of hypothecation. If the borrower has already availed working capital loan facility from any other lender(s), in such a case, the borrower should extend *pari passu first charge* on the movable assets in favour of NDDB.
2. The borrower shall obtain *No Objection Certificate* (NOC) for creation of charge in favour of NDDB from the existing lenders, if any.
